

## COVID-19 UPDATE

Grinnell Eye Care has always been committed to the health and safety of our patients, our staff and our community. At this time, we are following CDC recommendations in postponing and rescheduling all non-essential eye care appointments. If you are scheduled for an exam, one of my staff will reach out to you.

We will continue to be available for urgent medical eye care and our office will be available to take your calls, answer your questions, place an order for contact lenses and schedule appointments.

If you have glasses or contacts here that are ready to be picked up, we would gladly mail them to you or meet you outside the door of the office. We do accept credit card payments over the phone if needed. Please contact our office to set up a time at 641-236-4002

Please check our website frequently for further updates.

Thank you for understanding during this uncertain time. Stay well!

Dr. Ramona Mitchell and the Staff of Grinnell Eye Care
